Testimonials:

"Andrew came to speak to our Year 8 & 9 students about goal setting, and never giving up. He was engaging, he encouraged the boys to look within themselves for their strengths, and to always have the perseverance to keep trying. The boys found him to be motivating, funny, and relatable. His message is particularly relevant to students ready to take their next step in their life journey. His personal delivery, and his professional approach meant that all students were engaged with his message."

Cassie Cooper, Year 8 Co-Ordinator, Trinity Grammar School

Andrew, thank you for coming in to speak to our student leaders about the importance of determination and having the right mind set. The feedback from our students was that your presentation was engaging and worthwhile; and they got to know each other a little better during the interactive activities.
